

Beiser Realty Happy to "Pay it Forward"

By Becky LaDue
Staff Writer

If you are looking to buy or sell a home in the Winneconne area, and would also like to make an investment in the youth of our community, doing business through Beiser Realty may be just what you're looking for.

Andy Beiser, of Beiser Realty, has initiated a program that generously donates \$100 to Winneconne's Building the

WAY program for each home sold through his agency. "This is not limited to the homes I sell or list personally," said Beiser, "but any home sold through Beiser, regardless of who lists it." Beiser had been considering ways to give back to the community for some time now, and decided that targeting money toward area youth was a great way to do it. "There is no limit to the dollars I will donate," reminded Beiser. "The more I sell, the more I will give back."

Building the WAY (Winneconne Area Youth) connects students to their local community through a series of civic-minded activities focused on improving lifestyles and opportunities for youth while creating a lasting sense of pride and ownership in their community.

Building the WAY Reaping Beiser Realty Success

Andy Beiser, of Beiser Realty, informed The Winneconne News this past week his charitable partnership with Winneconne's Building the WAY program is proving a success. Beiser made his second and third

donation of \$100 each this past month, and looks to have three to five more closings in the near future - each paying another \$100! The power of doing business locally really pays off!
