Though the temperature at Waterfront Park wasn't the most conducive for a summer picnic on Thursday, June 28, the mood was still a cheery one nonetheless. Students, staffers and community members involved with the youth-based organization Building the WAY (Winne-comme Area Youth) came out for a pizza party and to extend a special thank you to Andy Beiser, of Beiser Realty.

Since December of 2006, Beiser Realty has donated an impressive \$2,000 to the Building the WAY organization.

"We gift \$100 for every transaction that is handled through Beiser Realty," said Beiser. "That can be the sale of

a home or piece of property - anything.

The property doesn't even have to be listed with us, just ultimately sold by one of our agents," he said.

With 20 transactions in just six months time, Beiser hopes the sales and opportunities to give back just keep coming. "We are looking to give efforts to give back to the exciting and rewarding."
